

SIZE CHART

DETERMINE YOUR GLOVE SIZE

- 1** To measure the length of your hand: Start from the crease in your wrist (just below the base of your palm) and measure straight up to the tip of your middle finger. This gives you the accurate hand **LENGTH** measurement.
- 2** To measure the width (circumference) of your hand: Wrap a measuring tape around your hand starting at the knuckles on the back of your hand, go across your palm, and finish back at the same starting point on the knuckles. This gives you the accurate hand **WIDTH** measurement.

ADDITIONAL TIPS FOR THE BEST FIT:

- Measure your dominant hand. Right if right handed. Left if left handed. This gives the most accurate size.
- If between sizes, size **DOWN**. Gloves stretch slightly for a comfortable fit.
- Use a flexible tape measure for accurate sizing.

SIZE	XS	S	M	L	XL
LENGTH	16.0 cm	17.5 cm	19.0 cm	20.5 cm	22.0 cm
WIDTH	19.0 cm	20.0 cm	21.0 cm	22.0 cm	23.0 cm
